

Technology Stack

Date	29-09-2026
Team ID	SWTID-2026-5359
Project Name	Courier Management System Using Salesforce
Maximum Marks	2 Marks

Define Your Technology Stack:

Identify the programming languages, frameworks, databases, front-end tools, back-end tools, and APIs that you will use to build your solution. A well-chosen technology stack ensures that your application is scalable, maintainable, and aligned with your project requirements.

Fill out the table below to detail the specific technologies chosen for each component of your architecture and provide a brief justification for your choice.

Technology Stack Details

S.No	Architecture Component / Layer	Technology Chosen	Justification / Purpose
1	Frontend / Client-Side (e.g., React, Angular, HTML/CSS)	<i>Salesforce Lightning Web Components (LWC), HTML, CSS, JavaScript</i>	<i>For responsive UI, component reusability, dynamic shipment tracking interface and Salesforce native look, handles Weight field display.</i>

2	Backend / Server-Side <i>(Courier Management System Using Salesforce)</i>	<i>Salesforce Apex, Salesforce Platform</i>	<i>For custom logic, trigger for weight validation, auto charge calculation, fast processing within Salesforce limits.</i>
3	Database / Data Storage	<i>Salesforce Objects (Shipment, Delivery), Salesforce Database</i>	<i>For secure storage, relational mapping between Customer, Shipment, Delivery Agent, handles structured data and Weight field.</i>
4	Cloud / Hosting / Deployment	<i>Salesforce Cloud Platform</i>	<i>Provides scalable, secure cloud hosting, easy deployment, 99.9% uptime, no server maintenance.</i>
5	Version Control & CI/CD	<i>GitHub, Salesforce DX, VS Code</i>	<i>For seamless collaboration, version tracking of Apex and LWC code, automated deployment.</i>

	<i>(e.g., GitHub, GitLab, Jenkins)</i>		
6	Third-Party APIs / Other Tools <i>(e.g., Stripe, Twilio, Google Maps)</i>	<i>Google Maps API, Twilio SMS / Email API, Stripe Payment Gateway</i>	<i>Enables real-time location tracking, shipment status SMS notifications, email alerts, and secure payment for courier charges based on weight.</i>
